THRILLING SIGHT.

Aeronaut Drops Twenty-Five Hundred Feet Into Breakers.

Long Beach, Cal., March 8.—Five thousand people saw Jean Savage, an amateur aeronaut, ascend from the beach in a fierce wind, which at times threatened the career his balloon, and they watched him as he drifted over the ocean. He did not cut loose until he was 2,500 feet high. The balloon, relieved of his weight, turned over and shot down into the sea, where it was picked up by a launch. Savage, in his efforts to land safely, swung his parachute at dangerous angles, and at times the spectators held their breaths as a particular strong breeze impelled him. He finally landed in the breakers, releasing his hold on the parachute, which was caught in the tide and carried out to sea and sunk before a launch could reach it.

Many Students Arrested.

Warsaw, March 8.—The police, aided by infantry, broke up a meeting of students in the university hall, at which was being discussed the question of a change in the system of examinations. One hundred and seventy-eight students were arrested.

Rescued From Flames.

Pittsburg, March 8.—The John Stedler family of six was rescued from their residence, consumed by fire, by two policemen.

Liberal Party Founded.

Havana, March 8.—Liberal party has been organized.

Backed by Iowa Men.

Big Springs, Tex., March 8.—The railroad to be built north from Big Springs is being financed by Dove and W. P. Soash, capitalists of Waterloo, Ia. These gentlemen are quoted as saying the road is a go; that it will be constructed to Lubbock. Construction will require fully \$500,000.

El Paso Has Costly Fire.

El Paso, March 8.—Fire early Monday resulted in \$30,000 loss to the Richard Capel block, Snyder jewelry store, Block Candy company and Rosing's clothing store.

For Wearing Female Attire.

Dallas, March 8.—Clarence Lockhart, a negro youth, charged with appearing in public in woman's attire, was fined \$100 in city court.

NOT UNDERSTOOD.

Why No Action Was Taken on Haytian Situation.

New York, March 8.—What purports to be the views of Theodore Roosevelt of the attitude of the United States concerning Hayti, as expressed during his presidential incumbency on Dec. 4 last, is contained in a special cable despatch to the Herald from Kingston, Jamaica, quoting a letter which Mr. Roosevelt wrote to the negro question.

In the letter Mr. Roosevelt, then president, is quoted in part as follows, with reference to the recent trouble in the black republic:

"I do not think that we shall intervene in Hayti. Of course we ought to, but this people of ours simply do not understand how things are outside our own boundaries. 'Of course I do not desire to act unless I can get the bulk of our people to understand the situation and to back up the action, and to do that I have to get facts vividly before them and clearly before them.'"

"In Panama, Cuba, Santo Domingo and Puerto Rico it needed months or years of preparation before we could get our people to see things straight, and the worst of it is that educated northeasterners are not merely blinded, but often malevolently blind, to what goes on."

"We ought to have interfered in Venezuela again and again during last seven years. We ought to have interfered in Central America and Hayti. In all three places we ought now to do something of the same kind that we are doing in Cuba, Santo Domingo or Panama, according to the exigencies of the case. But Americans simply were not alive to the situation."

Required Three Snocks.

Ossining, N. Y., March 8.—William Jones, a negro, was put to death in the electric chair at Sing Sing prison Monday for the murder of Iwellyn Bunn in September, 1907. Three shocks were given before the man was pronounced dead. While he was being strangled he said good-bye to those about him.

Terribly Maimed.

Irwin, Pa., March 8.—A premature explosion blew off an arm of James Clifford and tore a hole in a side. He cannot recover.

OKUMA PRAISES TAFT.

Pleased With Inaugural Address of New President.

CONCURS IN NAVAL PLAN.

Cannot Entertain Idea of Restriction as a Principle, but Not Opposed to It Temporarily to Prevent Excitement and Irritation.

Tokio, March 8.—Count Okuma, former president of the Progressive party, has written a signed article for the Tokio-Mainichi, in which he unreservedly praises President Taft for his policy as embodied in his inaugural address.

In regard to that portion of the address dealing with the treaty rights of aliens Okuma says it would be a matter for universal rejoicing should the delicate relations between federal and state constitutions be adjusted in a manner thoroughly compatible with the national credit and honor and standing of the United States as a highly civilized power. In respect to naval program as laid down in the inaugural speech count professes to fully concur. He writes that President Taft believes such an outcome is the unavoidable demand of the times and ridicules the idea that it is directed against Japan. He asserts that this idea is a gross misrepresentation of both Japan and the United States, which believe equally that a strong navy is the best guarantor of peace.

Regarding immigration, the count cannot entertain the idea of restriction as a principle, but he is unopposed to it as a temporary measure for preventing unnecessary excitement and irritation when "Japan is unfortunately the object of unwarranted suspicion."

In conclusion he says, "Japan's real motive was proved on the occasion of the visit of the fleet, and now it is understood fully by the estimable Americans. Local anti-Japanism is not of serious concern and will disappear when they cease to be haunted by needless suspicion. The true American sentiment will ultimately prevail, especially under the guidance of a great fair minded statesman of the eminently peaceful disposition of President Taft."

Slain in Doorway.

Chicago, March 8.—Hugh Hopkins, thirty-seven years old, son of J. J. Hopkins superintendent of the South Side Elevated Railroad company, was found slain early Monday in a doorway at 3703 Westworth avenue after John Laterra, a bartender, reported to the police by telephone he had exchanged shots with a hold-up man in a saloon.

Crushed Beneath Weighing Machine.

New York, March 8.—Six year old Irene Smith was killed by a weighing machine. Stepping on the platform of the scales and dropping her penny in she stood ready to note the weight of her small body, when the scales toppled over, crushing the child beneath it.

Removing Must.

To remove the must that accumulates on steel knives cover the blades with sweet oil for a day or so and then rub with a lump of fresh lime. This with the oil forms a soap and cleanses the knife perfectly.

Cleaning Painted Walls.

To clean painted walls dissolve two ounces of borax in two quarts of water and add one tablespoonful of ammonia. Use half this quantity to each bucket of water. Do not use soap. Wash a small amount of the paint at a time and rub dry with a clean cloth.

Took Part in Many Battles.

Boston, March 8.—Colonel Charles C. Rivers, who returned from the civil war in command of the Eleventh Massachusetts volunteer infantry after having taken part in thirty-four battles, has died suddenly. For seven years he was deputy collector of customs for the port of Boston.

SINGING CONVENTION NOTICE.

Rules Governing Contest for Cup and Banner.

To the members of the Brazos County Singing Convention:

I hereby submit for publication the rules governing the contest for the Wilson & Derden cup as first prize, and the banner offered by the convention as second prize, to be contested for at Steep Hollow on July 3rd and 4th 1909, and I would suggest that each choir preserve a copy of these rules and conduct themselves accordingly.

Rules.

1st. All choirs contesting for the cup and banner, must be regularly organized according to the constitution and by-laws of this convention and must be members of said convention with delegates in attendance.

2nd. All singers participating in this contest for any choir, must be bona fide members of said choir, and any choir that shall use singers not members of said choir, shall forfeit their right even though they should win in the contest.

3rd. Each choir shall select its own music and singers, provided that no choir shall be permitted to use less than eight singers and shall sing not less than three pieces of music.

4th. The judges in this contest shall be selected by the leaders of the choirs taking part in the contest and shall be three disinterested persons.

5th. These rules shall be subject to amendment by a majority vote of this convention.

I would earnestly urge all choirs in the county to enter the contest, believing you will be greatly benefitted thereby. To communities having no choir, will say that a regularly organized choir under the constitution of this convention, is one that has a choirster, assistant choirster, and secretary and treasurer, and have regular stated meetings. So if you have no choir, call your people together and organize at once, enter the contest, elect five delegates to the convention bearing a petitionary letter and I will promise you in advance that you will be welcome and get the glad hand all around.

This convention knows no sect religiously, and no set socially. We extend a hearty welcome to all who feel an interest in vocal music. Push the work in your own community and meet with us in our jubilee of song on July 3rd and 4th.

I. M. COOK, President.

Visiting Ministers.

The pulpit of the Christian church was filled at both the morning and evening services yesterday by Rev. Edwin D. Hamner of Bay City, Texas. Rev. Hamner preached two good, helpful, uplifting sermons that were much enjoyed and appreciated by all who heard them. He impressed himself upon his hearers as being an earnest, faithful man of God.

Rev. Dr. Johnson of Handley, Texas, representing the American Baptist Publication Society, arrived in Bryan Saturday night and filled Dr. Weaver's pulpit at the Baptist church Sunday night. He preached a splendid sermon on "Why I am a Christian" and all were helped who heard it. Dr. Johnson will visit all the churches and Sunday schools in this county in the interest of the Society he represents.

DRUG STORE GOODS

By Wire

Our perfect telephone system enables you to buy Drug Store Goods—anything—everything—with as perfect satisfaction as if you made a personal call.

When the day is wet or cold, or you are sick or too busy, just step to the phone—call us up and we'll do the rest.

MADISONVILLE MATTERS.

Meteor Has Been Sold to Former Proprietor.

Madisonville, Texas, March 6th—W. F. Bookman, owner and editor of the Madisonville Meteor, today sold the Meteor printing plant to W. L. Turner, a former editor of the paper, who has been residing at Alvin during the past year. Mr. Bookman will leave in a day or two for Dallas, where he will assume the management of the Bookman Printing company.

Work on the new Price brick building has been suspended on account of a shortage of material.

The directors of the Farmers State bank will meet next Tuesday to decide when the proposed new brick banking building will be erected.

What Groesbeck Says.

The following telegram was received yesterday by Mr. John B. Mike, manager of the Cozy:

Groesbeck, Texas, March 6, 1909. Jno. B. Mike, Bryan, Texas.

The Curran Comedy Co. have been playing here all week to packed houses; largest house last night with protracted meeting and free illustrated temperance lecture in opposition.

B. L. LINNAMON.

Cakes and Candy.

I have a nice line of fresh home made Fruit cakes and nice fancy cakes and candy.
Mrs. Otto Boehme

Dress the Boy Well.

You want your boy to dress as nicely as your neighbor's boy. You want him to look neat and nice and at the same time you do not want to spend a whole month's salary to fit him up. This is the way every mother and father feel about their boys and Coulter has the goods they are looking for. He has just received a big lot of boys clothing, the very nicest in Bryan and the prices are far lower than others are asking for the same class of goods. He has all the latest weaves and colors, and the cuts are the latest, fancy pockets, cuffs, etc. Best of all, with each suit you get two pairs of pants which will make the suit last three times as long. Prices from \$2.48 to \$7.50. w1 78

B. A. C. Officers.

The Bryan Athletic Club held an important meeting Sunday evening and elected the following officers:

John Daly, president; Fred Kohler, vice-president; Will Holmes, secretary; Jim Thomas, Treasurer.

The boys also agreed to paint and paper their hall and put in shower baths which will make it nice and comfortable these long hot summer days.

Notary Public Notice.

Hon. W. C. Davis has requested the Eagle to announce that all parties desiring to be appointed Notary Public to hand in their names at once to the county clerk of Brazos county, who will forward the list to him at Austin. It is imperative that this be done at once and all desiring the appointment will govern themselves accordingly.

Building New Stairs.

A pair of new wooden stairs are being built on the outside of the M. H. James drug store near the rear, leading up to the second story offices.

A door will be cut in the building at the head of the stairs, thus affording easy access to the rooms of Dr. Geo. R. Tabor which are located in that part of the building.

THE WEATHER.

Special to Bryan Morning Eagle.
New Orleans, La., March, 8.—Tonight fair; colder with freezing. Thursday generally fair.—Cline.

Extra Special.

We have just opened an express shipment of 75c all silk Cupe De climes, bought at a sacrifice, on sale special this week 49c. Wilson & Derden.

SERVICE.

It is our duty and pleasure to serve our customers as well as the Companies we represent. It is the Motto of this office to furnish the best and quickest service consistent with conservative agency underwriting. The facilities of our agency belong to its friends. BRYAN, TEXAS, MARCH 9, 1909

The governor threatens the legislature with the grindstone; the legislature whistles nonchalantly.

If the commission form of government is such a fine thing for cities and for counties, why would it not be a good thing for the state?

The southerners who attended the Taft inauguration in such large numbers got a taste of the northern weather as well as northern politics.

Orators and writers are discussing various and sundry plans for saving the boys. Are not the girls worth saving, too, or have they all been saved?

The very latest in ladies' hats reminds us of pictures we have seen in old English books of beehives made of straw, which were used in England in the early part of the last century.

Cone Johnson says Prohibitionists give him most of the support that contributed to his near victory last year. He ought to know, but the information is surprising to a good many people of both factions.

As a means of "saving the boys" nothing better has appeared than The Corn Growing Club, which is now attracting much attention. It is a safe prediction that no active member of that organization will ever go to the bad.

The crimp which the blizzard put in the Taft inauguration has revived the discussion as to changing the date of this quadrennial event. This controversy has been bobbing up occasionally since it was first established and has not amounted to anything and probably never will.

The Beaumont Enterprise says: "Tom Platt was for fifty-two years in political life, but it is safe to say that no man can recall offhand anything that he has done for the good of the country up to this time." Yes we can; 1881 he resigned his place in the senate.

Galveston boasts two eminent citizens of the name of Johnson—the one a person of color, self-proclaimed heavy weight champion of the pugilistic arena, the other boss scrapper of the Thirty-first legislature. It doth not yet appear which stands higher in the esteem of the citizens of the island emporium.

A physician and an ex-missionary recently returned from Africa predicts that Theodore Roosevelt will not return alive if he carries out his plan of going into the interior of that continent to hunt big game. On the other hand, an astrologer says he will come back in good health and unscathed. Our money goes on the astrologer.

We are glad the legislature enacted the anti-horse race betting bill for gambling is thoroughly bad, because the object is always to get something without giving an equivalent. But for the life of us we cannot see wherein betting on a horse race is worse than raffles and other gambling devices at social functions.

Austin and Dallas are just now the political storm centers and the governor makers are busy in both. In the Democratic party there are two lines of cleavage extending through the whole mass, to wit, prohibition and Baileysism, and the problem is to so adjust them as to secure the most satisfactory results. At present it seems impossible but there is no telling what expert slate makers and platform builders can do.

TO MEN WITH WIVES.

There are certain things that men would better leave alone, the wives know more about them than you do. This is probably true of Sewing machines. Singer reputation is backed by fifty years experience. Singer sales exceed the sales of all others combined. T. A. Satterwhite, Salesman and Collector. Phone 745.

A. AND M. SUMMER SCHOOL.

Very Cheap Rates Offered and Large Attendance Already Assured.

College Station, Texas, March 8.—The applications for enrollment for the summer school of the A. and M. College of Texas and the summer normal are numerous and President Milner believes now that it will result in a very large attendance. Many farmers will attend, the courses in agriculture, animal husbandry, creamery management and cotton classing being attractive. It is arranged that the farmers can take any group of studies and remain either two, four or six weeks and get the benefit. The cotton classing is an important feature.

For teachers the summer normal promises to be very interesting. It is a policy of the State educational department to locate summer normals at those places where the best facilities are available, and this school has been established at the A. and M. College because of laboratories, large section rooms etc. It will be conducted on regular college life plans and this will give a large number of teachers an opportunity to understand how College systems are established.

In arranging for this summer normal and the summer school it is desired to make the cost to each a minimum expense. Those who attend will live in the dormitories that are used for the student body during the regular college year—they will be served with meals at the mess-hall which seats six hundred students and the service will be under the direction of B. Spisa who has been College steward for thirty years. Rooms, board, laundry, janitor service and incidentals will be provided and the entire cost for the six weeks will be \$40.50, which is less than \$1 per day. The summer school and the summer normal will open on June 14 and close July 24. Examinations for teachers' certificates will be held July 26, 27, 28, and 29.

A number of the students at A. and M. College earn money during the term to pay their expenses. This is allowed under a student labor fund that is appropriated by the legislature. It is actual work at the college that is necessary and although required to keep up their student work they are relieved from some duties so as to be able to do the work that helps them through school. Some of the boys now at college state that they earned all of the money they are spending on their education and over a hundred say they earned a part of it.

The veterinary department of the A. and M. College of Texas is now demonstrating the use of the hog cholera serum that is being used in other states. Dr. T. P. Marsteller, assistant professor of the veterinary surgery at the college, made a trip to Gainesville last week where an outbreak of cholera occurred in the herd of hogs owned by James Whaley. He inoculated about fifty hogs against the disease.

AN INTERESTING PROBLEM.

The Geneva (Neb.) Gazette says: J. N. Taylor brought to this office a copy of his old home paper, the Adams County Record, published at West Union, Ohio, in which a fish story that has caused 'figurin' is published. The problem is as follows: "Charley met his friend James upon the street and told him that he had been fishing. 'How many fish did you catch?' asked James. Charley replied: 'If to the number of the books of the Old Testament you add the number of books of the New Testament; multiply that by the number of apostles who were present at the transfiguration; divide by the number of books written by Luke; subtract the number of times the Israelites marched around Jerico, multiply by the number of pieces of silver Judas received for betraying Christ; divide by the number of spies Moses sent into Canaan; add the number of letters in the name of the city in which a man climbed up a tree to see Christ; divide by the number of disciples called the sons of Thunder, the answer will be the number of fish I caught.

Election Ordinance

Be it ordained by the City Council of the City of Bryan:

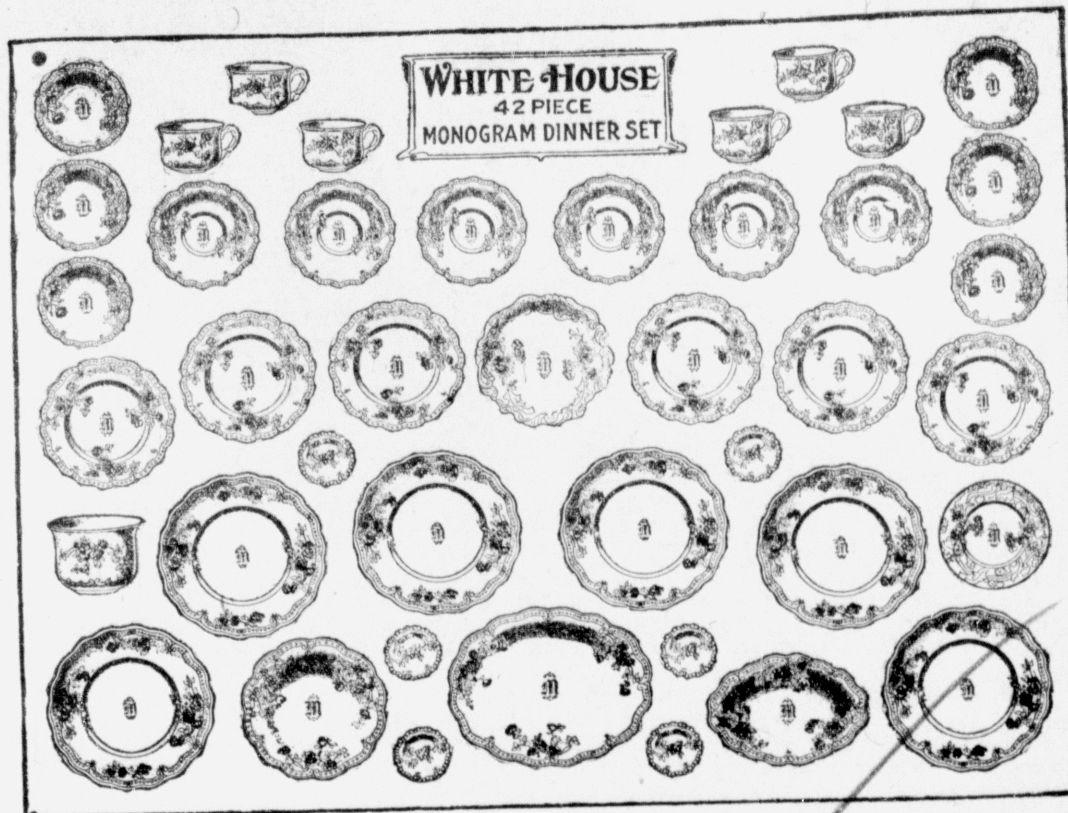

That an election for City Officers, to wit: Marshal, Secretary and three members of the City Council, shall be held by the qualified voters of said City, at the County Court House in Bryan on the first Tuesday in April next, it being the sixth day of said month; and the presiding officer, together with such others as he may appoint, shall hold said election in accordance with the City Charter and Ordinances and the State Law governing elections.

Adopted by the City Council and approved by the Mayor this 4th day of March, 1909.

J. T. MALONEY, Mayor.
J. B. HINES, City Sec'y.

Special—Our entire line of 25c popular music for 12 1-2c per copy this week only. Cavitt's Drug Store. 79

The Most Remarkable Premium Offer Ever Made

A \$10.00 DINNER SET WITH YOUR INITIAL IN GOLD

Help Wanted.

A bright young girl about 16 years old, fair experience with the needle, to accept apprentice position in our Millinery work room. Apply today. Wilson & Derden. 78

Dr. Duffy Resigned.

Rev. Dr. Duffy, rector of St. Andrews Episcopal church of this city, has tendered his resignation to the vestry and same has been accepted. The Doctor will be here a few days longer when he will return to the north.

When a reporter for the Eagle dropped in the store of the Edge Dry Goods company yesterday morning, the house was crowded with shoppers taking advantage of their great white goods bargain sale. The sale opened up entirely satisfactory to the proprietors, but was interfered with by the rain later in the day, still there was a right nice little business all day. The sale will continue through today and tomorrow.

CAUSES COMMOTION.

Reeder Introduces a Resolution, but Withdraws It. CAUSES COMMOTION.

Reeder Offers a Resolution, but Eventually Withdraws Same.

Austin, March 8.—In the house Monday Mr. Reeder offered a resolution setting forth the scope of the Kennedy investigating committee. He stated that since the committee had begun its investigation there had been charges openly made by members that the speaker without warrant of law or authority of precedent changed the house journal to suit himself, enlarging the speaker's power in the employment and payment of clerks, and further had paid or caused to be paid \$1,100 for furnishing the speaker's two rooms in the house, and setting forth further that the charges, if true, reflected discreditable conduct upon the speaker as an officer and man and involved the honor of members of the house, and giving the committee authority to examine and report on additional charges, with its report already in course of preparation.

Mr. Fitzhugh objected to the second reading because of the immoderate language of the resolution, but the house ordered it read the second time. Mr. Cable offered a substitute directing the committee to report at once, presenting fully and complete a statement of testimony adduced.

Mr. Reedy stated that committee was unable to make immediate report and that other matters should be included in investigation in justice to the speaker, who, if wrongfully accused should be exonerated, and if the charges are true the house should know it.

Speaker Kennedy, speaking from floor, stated that having done absolutely no wrong he again invited the most thorough investigation of every official act, and when it was concluded it would be seen that he had acted absolutely within his right and power, but he desired to protest against the wording of the resolution upon mere charges. He stated that if the investigation should show anything to his discredit he had the nerve, courage and manhood to do the proper thing at the proper time.

Mr. Reedy withdrew his resolution and Mr. Cable withdrew his substitute.

A motion by Mr. Cable extending the time in which the committee should report prevailed, and a resolution by Mr. Reedy, striking out all immoderate language in the original resolution and providing only that power of investigation committee be enlarged to include all official acts of speaker, also prevailed.

Insurance and Banking Commissioner Love, speaker of the house of the Thirtieth legislature, replying to questions, said he had never signed a certificate for payment of any house employee for services not performed.

Miss Jessie Kendig was recalled and testified to having arrived in Austin about Feb. 26 and during the week following she sent of for collection a check of Mr. Kennedy for \$20, which had reached her in Kansas City as part of her salary for her first month's service, for which a certificate had been drawn. She said the check had come to her several days after the draft. She had received notice of her appointment as a house stenographer about Jan. 15, Mr. Kennedy having wired her, and she replied that she needed time before she could come. She said her reason was that she was uncertain if she could go far from her mother, who had been ill, but she wrote Kennedy she would come soon as possible. She said she had been working for the Fowler Packing company of Kansas City at \$62 per month. She said she had never given authority to Mr. Kennedy to sign her vouchers.

FORCES BRIDE TO ELOPE.

Refuses to Marry Her in Absence of Divorce and Shot to Death.

Chicago, March 8.—Frank Serino was shot and instantly killed here because a week ago, according to his slayer, he held a revolver to the head of Mrs. Josie Fresso, fifteen years old, a bride of ten days, and forced her to elope with him to New York.

Serino's slayer was the brother of Mrs. Fresso, Michael Pessalno, twenty years old. He had traced the couple to New York and forced Serino to accompany him back to Chicago, with the girl. Here, according to Pessalno, Serino refused to consent to marry the girl in the absence of a divorce and the shooting followed.

KISSING NO CRIME.

Three Meddlesome Frenchmen Fined Five Dollars Each.

New York, March 8.—Not only is it no crime to kiss your sweetheart, but you are entitled to kiss uninterrupted, according to a decision of Magistrate McCorn, rendered in the Jefferson police court. Maxwell Medith and Miss Carmen Rodgers were saying good night in a hallway in West Fifty-seventh street when three Frenchmen passing by objected. Medith complained to a policeman and they were arrested. When arraigned the court heard the testimony and then said:

"That's no crime. I am going to fine each \$5. Next time you come across two lovers saying good night you'll know how to behave. We've got too many censors of conduct in this town already."

SOAKING RAIN FALLS.

Heaviest in Five Months and Crops Greatly Benefited.

Dallas, March 8.—The heaviest rain in five months is reported in many parts of north Texas. It was badly needed, as crops had been suffering for some time, owing to the prostrated growth. In some sections stock water had to be hauled a long distance.

A Watch Puzzle.

Ask your friends to think of any number on the dial of a watch. Then point to various numbers, and at each have him silently add one to the number selected until he arrives at twenty, which he will announce aloud, and your pointer will be on the numeral he selected.

Solution.—Point promiscuously about the face of the watch until the eighth point, which must be on the 12. Then pass regularly around toward the 1, pointing at 11, 10, 9, etc., until twenty is called, and you will be on the number selected.

Guess Again.

What grows bigger the more you contract it? Debt.

Which side of a pitcher is the handle? The outside.

When is a ship like an auctioneer? When in full sail.

When is a ship like a floor? When she is boarded.

When is a ship like a bird? When she is flying before the wind.

What did Adam first set in the garden of Eden? His foot.

What tree is the sweetest? Maple.

At a Japanese Auction.

Japanese auctions are conducted on the silent plan. Each bidder writes his name and bid upon a slip of paper, which he places in a box. When the bidding is over the box is opened by the auctioneer, and the goods are declared the property of the highest bidder.

Making the Best of It.

When it's raining in the garden and the sky is very gray:

We go into the nursery and make a sunny day.

I get my horse and bridle, and, with Nellie at my side,

I ask if she is ready, then I take her for a ride.

We drive for miles in fancy, for when clouds have hid the blue

The "trying to be cheerful" is the best thing we can do.

ASTHMA VANISHES

So Does Catarrh, Croup, Hay Fever and Bronchitis.

Hyomei is a confidence creator. The first time you breathe in this powerful yet soothing antiseptic air, you will know that it has marvelous curative virtues. There is nothing disagreeable about Hyomei. It is a very pleasant and prompt remedy for catarrh, colds, asthma, croup, bronchitis, etc.

If your head is so stuffed with mucus that you cannot breathe a particle of air through your nostrils, Hyomei will open them and give relief in five minutes.

Why will sensible people suffer longer, why will they wheeze and hawk and spit and snort, when E. J. Jenkins will guarantee Hyomei to cure or money back. \$1.00 is all Mr. Jenkins asks for a complete outfit.

"I have used Hyomei for hay fever, and can pronounce it the best relief for this trouble that I ever tried or heard of. I have had this malady for years, and have doctored and used many remedies, but Hyomei is far ahead of any of the others, and has many hearty endorsements."—Mrs. M. S. Martin, Cassopolis, Mich., Aug. 27, 1908.
